TRIOTSAV EVENT- THE QUARANTINE CONFRONTATION

Triotsav was an inter-school competition of N.K. Bagrodia Global School which embraced Insulatex, Dhara Utsav and Literary Fest. The Opening ceremony was organized on 25 July 2020 on the platform of Google Meet and was also live streamed on YouTube. Beginning with Insulatex, we had Bafflemania, where children were required to decrypt the given questions. In Altered Shot, participants had to transform the raw images to its best form. The students were required to make hilarious memes in Memarious and the last event of Insulatex was Shell Brawl which was all about gaming.

The next phase of Triotsav was Dhara Utsav which included Idealogue, in which children gave the possible ideas to use artificial intelligence to confront Corona. The other two were about expressing emotions in form of Nrityataal, a fusion dance competition and Octave, a singing competition.

Our third phase of Triotsav was Literary Fest, where participants were supposed to voice their opinions and express their thoughts in forms of Debtalk and Monologue respectively. Debtalk stood different from all the usual school debates since it also embraced a talkshow too. While Monologue was all about expressing thoughts on the current pandemic.

All the events of Triotsav were held in a week beginning from 25 July to 30 July, concluding with the closing ceremony in which results were announced by the respective judges. All the winners were congratulated for their victory.

Overall it was an amazing and memorable experience for the participants and the Triotsav team. The members of Triotsav were appreciated by everyone for putting up a great show.
